Description:

DSPL OPAC machine (DS-OPAC) is like a standing computer installed with OPAC system (Online Public Access Catalogue). Users can use this machine to quickly access to library resources. They can check the status of any specific materials, such as the library name where it currently stays, specific location, availability for checkout, etc. Users can do the search via material names, authors, and keywords, etc. The OPACK Kiosk is an OPEN PUBLIC ACCESS CATALOGUE. This helps the visitors who need to perform quick access to entire library catalogue. In this Software complete privacy is ensured as browser history and user data are erased automatically at the end of each session.

Features:

- Quick and easy access of entire library catalogue.
- Ensured complete privacy as browser history.
- User data are erased automatically at the end of each session.

Technical Specifications:

Technology / Frequency	HF / 13.56 MHz
Screen Size	15''/17''/19''
Input Voltage	AC100-240V, 50/60Hz
Power Consumption	≦ 300W
Operating Temperature	-10℃~+55℃
Operating System	Windows
Communication	Wired or Wireless Network
Housing Material	Sheet Metal
Location	Indoor
Certifications	CE, FCC
Dimensions	530L*430W*1418H mm
Weight	50kgs

APPLICATION AREA

Retail | Library | Manufactoring | Transportation | Supply Chain
