Armed with world proven technologies and the vision to provide total solution to our customers, Company provide IT solutions to medium and large sized enterprises based on their requirement that make them capable to survive and prosper in the ear of fast shifting business and organizational environment.

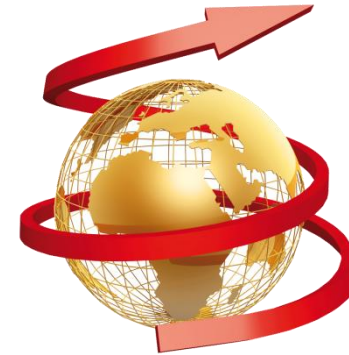

## Why E-Learning Management System (E-LMS)

- Pay as you go concept-with this web-hosted solution pay only for the feature that you use.
- 360 degree package for management, institution, organization, department, teachers, librarians, front office executives and parents. You don't have to buy any other software.
- **Customization**- If there is any change in the process, we make sure that we accommodate the same in the system.
- **Faster implementation**- Our expert team will ensure that the system is up and the running in less than 2 weeks.
- **Extensive report options**- With existing modules, 100+ reports and a completely customizable option.
- **Ease of Use**- We taken the complexity out of the process and give you a simple solution. After all, simplicity is the greatest sophistication.

## Continuous Change Alone is the Changeless Law

In the current scenario of rapid globalization, customization, fast changing business environment of mergers, acquisitions, joint ventures and collaborations, and corresponding organizational changes, the business process of enterprises need to have the capabilities to adapt to new situations seamlessly. Functionality can no longer be considered as the only decisive criteria while adopting a suitable framework. To support and sustain an organization, the IT backbone must have a certain basic feature that

enable it to sustain itself and the whole business process not only in the present but also in future.

### Vision

To be a premier leader in Customized ERP packages and System Integration Solution

### Mission

To provide out-of-box customized solutions to the medium & large sized enterprises, which are uniquely competitive, yet secure, based on their requirement that make them capable to survive and prosper in the era of fast changing business and organizational requirement.
