**TECHNICAL SPECIFICATIONS:**

<b>Material</b>	Vinyl
<b>Usage</b>	Hide the RFID book label
<b>Size</b>	60mm X 90 mm
<b>Product Life</b>	Lifetime: Anti-theft stickers are made from materials that withstand destruction, moisture, and UV radiation. They usually resist heat, moisture, and friction.
<b>Adhesive Nature</b>	Self-adhesive, Anti-theft stickers have a strong adhesive that is hard to remove without harming the sticker or the item.
<b>Customisation</b>	Anti-theft stickers may be personalised in colours, sizes, logos, text, and designs to match store branding or products.
<b>Cost-effective</b>	Anti-theft stickers may be applied to many items and assets.
<b>Effortless</b>	Anti-theft stickers are simple to adhere to and remove without leaving residue or harming the product. They may be applied using a peel-and-stick technique without tools.
